

## PRESS RELEASE

27<sup>th</sup> January, 2026

### **RAJOO BAUSANO TO SHOWCASE NEXT-GENERATION PIPE, PELLETIZING & PROFILE EXTRUSION TECHNOLOGY AT PLASTINDIA 2026, NEW DELHI**

**Rajoo Bausano Extrusion Pvt. Ltd., the global pioneer in pipe & profile extrusion lines, is set to create a commanding presence at Plastindia 2026, Hall 6, Booth H6-C1, with its next-generation innovations.**

Reflecting Plastindia 2026's strong emphasis on innovation, sustainability, and responsible manufacturing, Rajoo Bausano Extrusion Pvt. Ltd. will highlight its advanced capabilities in intelligent extrusion solutions, reinforcing its commitment to the future of plastics processing.

Through its participation at Plastindia 2026, Rajoo Bausano will highlight its wide portfolio of extrusion solutions catering to diverse application segments. These include UPVC and CPVC pipe solutions,

profile extrusion systems, wood-plastic composite (WPC) lines, PVC compounding solutions, HDPE and PPR pipe applications, and specialized extrusion technologies for medical and industrial use. This broad product ecosystem reflects the company's strong engineering expertise and customer-centric approach.

In the evolving era of artificial intelligence, Rajoo Bausano has integrated its SPHERA AI-enabled digital system to support smarter and more informed extrusion operations. SPHERA is designed to assist processors through data monitoring, process insights, and performance optimization, helping improve operational efficiency and consistency. The system complements Rajoo Bausano's engineering capabilities by enabling better visibility and decision support across extrusion processes.

Commenting on the company's vision, Sandip Bhuvra, CEO – Rajoo Bausano Extrusion Pvt. Ltd., said: "Our focus is on supporting manufacturers with intelligent, efficient, and sustainable extrusion solutions. By combining engineering expertise with digital intelligence, we aim to help the industry move toward responsible growth and long-term value creation.

By being part of Plastindia 2026, Rajoo Bausano Extrusion Pvt. Ltd. reinforces its commitment to innovation, sustainability, and customer-centric solutions, continuing to strengthen its role as a trusted global partner in pipe and profile extrusion.

### **About Rajoo Bausano:**

Established in 2011, Rajoo Bausano Extrusion Pvt. Ltd., headquartered in Rajkot, is a joint venture between India's Rajoo Engineers Ltd. and Italy's Bausano & Figli. The company specializes in the manufacturing of advanced pipe & profile extrusion lines, combining Rajoo's strong presence in the Indian extrusion industry with Bausano's eight decades of European engineering excellence. With a focus on innovation, sustainability, and customer-centric solutions, Rajoo Bausano continues to strengthen its position as a trusted name in the global extrusion market.
